SECONDARY SCHOOL

2023-2027
MIT, ANNA UNIVERSITY
B.Tech/IT

SKILLS

- Problem Solving
- Teamwork
- Time Management
- Effective Communication

LANGUAGES

- English
- Tamil
- Urdu

PROJECT WORKS

Advanced Task Management System

- Built with React, Node.js, MongoDB, and Express.js
- Developed a full-stack task management platform with role-based access control, user authentication, task assignment, progress tracking, analytics dashboards, and downloadable Excel reports. Integrated protected routes, CRUD operations, and profile management for streamlined productivity and team collaboration.

Public Transportation Route Planner (C Language)

- Built a simple route planner for buses/trains using arrays and graph logic.
- Included features to identify traffic congestion and determine the most populated stations.
- Designed a console-based interface allowing users to input source and destination stations.

TECHNICAL SKILLS

- Programming Languages: C, Python, Java
- Web Technologies: HTML, CSS, JavaScript, ReactJS, NodeJS
- Databases: MySQL, MongoDB
- Tools & Platforms: VS Code, GitHub
